Service to Community:

1. Awards received beyond Eagle Scout Rank:

2. Service activities in the past 3 years:

Background:

Matt Stevenson was awarded the rank of Eagle Scout on February 25, 1993 in Mossville, IL. Matt continued to exceptionally demonstrate the elements of the Scout Law as he proceeded through high school and college. He attended Illinois State University, where he majored in Computer Science. At the age of 23, Matt passed away as the result of leukemia, which he bravely fought for nearly 2 years. The objectives of this award are:

- To remember Matt's dedication to Scouting, his interest in computers, his scholarship, and his service to others.
- To recognize and encourage excellence in demonstrating these qualities by other Scouts.

Please contact Tom Stevenson at (309) 256-3003 if you have questions about this award.
