September 15th - It’s Blast Off!

This year’s school night is designed to help accommodate the “busy parent.” The 6:30-7:30pm timeframe will be set up as an open house where families can stop by and get through the sign-up process in 15 to 20 minutes.

The key to making them successful is planning. The following is an outline of how to execute this type of event. This model features four stations that give information about Cub Scouting, get them signed up, and provide everything they need to know, including when the first meeting is, who the leaders are, and more.

Things to do between the School Night for Scouting and the New Parent Orientation Meeting:

- Have all den leaders contact the new parents to remind them about the next meeting.

Tips for Recruiting Parents to be Scout Leaders

- Provide a updated calendar of upcoming events and activities

- Provide brief expectations for the available volunteer roles. It should include the name of the position, the task needed, the time frame, and whom they can go to for help or guidance.

- Provide a date, time and location for any training sessions that would help them to be successful.

- Make it personal - don’t sound negative or generic. Make the individual feel important.

- Share why they have been chosen, what particular skills or abilities they have that are needed. This prevents the fear of the unknown or failing.

- Create an energetic and fun environment emphasizes that Scouting is a family program and parents are involved in something throughout the year.

- Have them be a part of planning the program by asking what they would like to see throughout the year. Their idea could be the missing role you need on your pack committee.
