How can you keep Scouting going?

- Continue advancement by focusing on merit badge requirements that can be completed at home.

- Contact your merit badge counselor via email, Facetime, etc. (remember Youth Protection training with no one-on-one communication between youth and adult).

- Do a good turn daily. Look for ways to contribute to your community while staying safe.

- Stay in contact with friends and families in your unit even if it’s just to say hi via a phone call, Facetime, Duo or Google hangouts.

- As a unit leader, now is a good time to take online trainings and renew your Youth Protection Training.

Regarding event refunds - When possible, we are rescheduling events for a later date. If you are reregistered for an event that is postponed, your registration will be transferred to the new date.

If you are unable to attend the rescheduled event, you may request a refund. If you are so inclined, please consider not requesting a refund and allowing your event fee to support Scouting.

This will help offset costs and lost income from cancelled events. For unit camping or event reservations, a credit will be given for future usage.

We are closely monitoring the situation in our communities, staying current on recommendations from the CDC, and consulting with local health professionals on a frequent basis. Council leadership will continue to evaluate the situation daily.

Updates will be shared as they are available. I would also encourage our families to connect with us on our social media pages to receive notifications.
